I didn't think twice when I was asked to consider a nomination to join the Board of Directors at Chequessett Yacht & Country Club. Being born and raised in Wellfleet, with only a few years of golf under my belt and a membership at CYCC, it's been remarkable to see the transition, the dedication and the hard work that has gone into the evolution of what we call the club today. Barry and staff have executed a vision with hard work and dedication that would not have been possible without the support of a strong Board of Directors. I want to become an active member of this team as CYCC continues to evolve. With the opportunity to continue to grow and to improve, I know my skills and dedication will help perpetuate the vision and the passion that exists within this Board of dedicated individuals. I am excited to work towards focusing on the mission to make CCYC the premier golf, tennis and sailing destination on the Outer Cape.
